INDEPENDENT AUDITOR’S REPORT

To the Board of Directors
JobPath, Inc.
Tucson, Arizona

We have audited the accompanying financial statements of JobPath, Inc., (a nonprofit organization), which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of JobPath, Inc., as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

JOBPATH, INC.
NOTES TO FINANCIAL STATEMENTS
June 30, 2020 and 2019

1. Organization and purpose

Nature of operations

JobPath, Inc. (JobPath or the Organization) is an Arizona nonprofit corporation incorporated in May of 2003. JobPath recruits and supports individuals in education and training programs which allow them to significantly increase their income and help address the workforce shortages in Arizona.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of JobPath, Inc. have been prepared using the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP). Accordingly, all significant receivables, payables and other liabilities are reflected.

Financial statement presentation

The classification of a not-for-profit organization's net assets and its support, revenue and expenses is based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Income from investment gains and losses, including unrealized gains and losses, dividends and interest, should be reported as increases (or decreases) in net assets without donor restrictions, unless the use of the income received is limited by donor-imposed restrictions.

Cash and cash equivalents

The Organization considers all cash balances, money market funds, and highly liquid investments (including certificates of deposit) purchased with an original maturity of three months or less to be cash equivalents. The Organization maintains its cash in bank deposit accounts, which, for short periods of time, may exceed federally insured limits. The balance in excess of federally insured limits at June 30, 2020 and 2019 was \$290,320 and \$35,705, respectively.

Investments in money market funds are not federally insured and may lose value. Amounts invested in money market funds, included in cash and cash equivalents, totaled \$23,289 and \$21,676, at June 30, 2020 and 2019, respectively.

JOBPATH, INC.
NOTES TO FINANCIAL STATEMENTS - continued
June 30, 2020 and 2019

2. Organizational data and summary of significant accounting policies - continued

Investments

Investments primarily consist of marketable equity securities, mutual funds, and certificates of deposit with original maturities greater than three months. Investments are adjusted to fair market value at the statement of financial position date, resulting in either an unrealized gain or loss included in the change in net assets in the statement of activities. Investment income is reported in the statement of activities and consists of interest and dividend income less external and direct internal investment expenses.

Donated investments are recorded at fair market value at the date of gift.

Investment – Community Foundation for Southern Arizona

The Organization has an investment in the Community Foundation for Southern Arizona. The investment is adjusted to fair market value at the statement of financial position date, resulting in either an unrealized gain or loss included in the change in net assets in the statement of activities. Investment income is reported in the statement of activities and consists of interest and dividend income less external and direct internal investment expenses.

Property and equipment

Purchased equipment is recorded at cost and donated items at fair value at date of donation. Equipment consists of various items of office and computer equipment. Acquisitions of property and equipment greater than \$500 are capitalized. These assets are depreciated on the straight-line method over their estimated useful lives of three years. Repair and maintenance are charged to expense as incurred. Depreciation expense for years ended June 30, 2020 and 2019 was \$10,923 and \$10,497, respectively.

Revenue and revenue recognition

Revenue is recognized when earned. Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met. Contributions received are recorded as net assets with donor restrictions or net assets without donor restrictions depending on the existence or nature of any donor restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as support without restrictions.

Vacation pay

Vacation pay is accrued as a liability when earned by the employees since the employees receive vested rights to this employee benefit.

Advertising expense

The Organization follows the policy of charging the costs of advertising to expense as incurred. Advertising expense for the year ended June 30, 2020 and 2019 was \$5,522 and \$22,531, respectively.

JOBPATH, INC.
NOTES TO FINANCIAL STATEMENTS - continued
June 30, 2020 and 2019

2. Organizational data and summary of significant accounting policies – continued

Functional allocation of expenses

The costs of programs and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expense presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Grant support

Government grants are recognized as revenue when matching expenses are incurred under cost reimbursement contracts.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of support, revenue and expenses during the reporting period. Actual results could differ from those estimates.

Income taxes

JobPath, Inc. is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(a) and has been classified as an organization that is not a private foundation under Section 509(a)(2). The Organization is also exempt from Arizona income tax.

Management's opinion is that no uncertain income tax positions have been taken and no adjustments have been recorded for potential related tax liabilities. Any penalties or interest which may be charged on tax examinations would be deducted in the year the assessment was made. The Organization's tax returns are subject to examination by the Federal government for a period of three years, and the State of Arizona for four years, from the date that the returns were filed. There are no current or pending tax examinations underway.

Financial instruments and credit risk

The Organization manages deposit concentration risk by placing cash with financial institutions believed to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, the Organization has not experienced losses in any of these accounts.

Investments are made by the investment committee. Performance is monitored by management and the investment committee of the board of directors. Although fair values of investments are subject to fluctuation on a year-to-year basis, management and the investment committee believe that the investment policies and guidelines are prudent for the long-term welfare of the Organization.

Changes in accounting principle

The Organization implemented the provisions of ASU 2016-18, Statement of Cash Flows (Topic 230) – Restricted Cash, which was effective for its year ended June 30, 2020. ASU 2016-18 requires that restricted cash and cash equivalents be included in beginning and ending cash in the Statement of Cash Flows. The adoption of

JOBPATH, INC.
NOTES TO FINANCIAL STATEMENTS - continued
June 30, 2020 and 2019

2. Organizational data and summary of significant accounting policies - continued

Changes in accounting principle, continued

ASU 2016-18 did not result in any financial statement adjustments. No reclassifications in the Statement of Cash Flows for the years ended June 30, 2020 and 2019 were required.

In June 2018, FASB issued ASU 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. This standard assists entities in evaluating whether transactions should be accounted for as contributions or exchange transactions and determining whether a contribution is conditional. The Organization implemented the provisions of ASU 2018-08 applicable to contributions received in the accompanying financial statements effective July 1, 2019 under a modified prospective basis. There was no effect on net assets in connection with the implementation of ASU 2018-08.

Deferred implementation of new standard

In May 2020, the Financial Accounting Standards Board (FASB) voted to delay the effective date of the revenue recognition standard (ASC Topic 606, Revenue from Contracts with Customers) for nonpublic entities that had not yet issued their financial statements. Originally, ASC Topic 606 was to have been implemented for the Organization's year ended June 30, 2020. The Organization has elected to defer the implementation of ASC Topic 606 until the year ended June 30, 2021. Management is evaluating the effect of adoption of the ASU but does not anticipate that its adoption will have a material effect on the financial statements.

3. Date of management's review

In preparing the financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through June 18, 2021, the date that the financial statements were available to be issued.

4. Liquidity and availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, are comprised of the following at June 30, 2020:

Cash and equivalents	\$	502,331
Investments		301,713
Unconditional promise to give		<u>127,356</u>
Financial assets available to meet cash needs for general expenditures within one year	\$	<u><u>931,400</u></u>

5. Fair value measurements and disclosures

The Organization reports certain assets at fair value in the financial statements. Fair value is the price that would be received to sell an asset in an orderly transaction in the principal, or most advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset based on market data obtained from sources independent of the reporting entity.

JOBPATH, INC.
NOTES TO FINANCIAL STATEMENTS - continued
June 30, 2020 and 2019

5. Fair value measurements and disclosures – continued

Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the investment based on the best information available. A three-tier hierarchy categorizes the inputs as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets that can be accessed at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. These include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, inputs other than quoted prices that are observable for the asset and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset. In these situations, inputs are developed using the best information available in the circumstances.

In some cases, the inputs used to measure the fair value of an asset might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. Assessing the significance of a particular input to entire measurement requires judgment, taking into account factors specific to the asset. The categorization of an asset within the hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to the assessment of the quality, risk, or liquidity profile of the asset.

JobPath's assets recorded at fair value have been categorized based upon the fair value hierarchy, in accordance with GAAP. A description of the valuation techniques applied to JobPath's major categories of assets measured at fair value are as follows:

Equity and fixed income mutual funds – JobPath has investments in mutual funds, which are invested primarily in investment-grade equity securities. For these investments, JobPath has ownership interest in the mutual fund but not in the individual securities held by the fund. The assets of each mutual fund consist primarily of shares of the underlying holdings. Each mutual fund net asset value (NAV) is the value of a single share that is actively traded on national securities exchanges. The mutual funds are valued on a daily basis at the close of business day. These funds are valued primarily on the basis of market quotation or on the basis of information furnished by a nationally recognized pricing service based, on observable market data, and are classified as Level 1 within the fair value hierarchy.

The Organization's fixed income investments consist of certificates of deposit with original maturities greater than three months. These investments are categorized as Level 2 within the fair value hierarchy.

The investment held at the Community Foundation for Southern Arizona ("CFSA") is categorized as Level 3 due to the lack of a market in which the Organization's units of participation in CFSA's pooled investments could be bought or sold. The Organization measures the fair value of its beneficial interest by taking its proportionate share of the fair value of the underlying assets.

JOBPATH, INC.
NOTES TO FINANCIAL STATEMENTS - continued
June 30, 2020 and 2019

5. Fair value measurements and disclosures – continued

The following table presents assets measured at fair value on a recurring basis at June 30, 2020:

Fair Value Measurements at Report Date Using				
ASSETS	TOTAL	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Equity mutual funds	\$ 61,663	\$ 61,663	\$ -	\$ -
Fixed income mutual funds	49,464	49,464	-	-
Certificates of deposit	<u>80,000</u>	<u>-</u>	<u>80,000</u>	<u>-</u>
Total investments	191,127	111,127	80,000	-
Investment in community foundation	<u>110,586</u>	<u>-</u>	<u>-</u>	<u>110,586</u>
	<u>\$ 301,713</u>	<u>\$ 111,127</u>	<u>\$ 80,000</u>	<u>\$ 110,586</u>

The following table presents assets measured at fair value on a recurring basis at June 30, 2019:

Fair Value Measurements at Report Date Using				
ASSETS	TOTAL	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Equity mutual funds	\$ 60,774	\$ 60,774	\$ -	\$ -
Fixed income mutual funds	47,093	47,093	-	-
Certificates of deposit	<u>79,999</u>	<u>-</u>	<u>79,999</u>	<u>-</u>

Investment in community foundation	<u>110,112</u>	<u>-</u>	<u>-</u>	<u>110,112</u>
	<u>\$ 297,978</u>	<u>\$ 107,867</u>	<u>\$ 79,999</u>	<u>\$ 110,112</u>

The table below sets forth a summary of changes in the fair value of the Organization's Level 3 assets measured at fair value on a recurring basis for the year ended June 30, 2020:

Community Foundation for Southern Arizona:

Balance, beginning of year	\$ 110,112
Additional investment	0
Total investment income/(loss)	704
Distributions and fees	<u>(230)</u>
Balance, end of year	<u>\$ 110,586</u>

JOBPATH, INC.
NOTES TO FINANCIAL STATEMENTS - continued
June 30, 2020 and 2019

5. Fair value measurements and disclosures – continued

Investment return, summarized for the years ended June 30, 2020 and 2019, was as follows:

	June 30,	
	2020	2019
Interest and dividends	\$ 5,148	\$ 5,194
Realized and unrealized gain (loss) on investments	2,059	7,371
	\$ 7,207	\$ 12,565

6. Operating lease

The Agency leases its office space under a non-cancelable lease. The lease expires on December 31, 2023.

Rent expense for the year ended June 30, 2020 and 2019 totaled \$51,034 and \$27,419, respectively. Future minimum lease payments under the non-cancelable lease are:

Year ending June 30, 2021	\$ 55,665
2022	58,601
2023	60,068
2024	35,546
	\$ 209,880

7. Revolving line of credit

The Organization has a \$75,000 unsecured revolving line of credit arrangement maturing April 20, 2022 with Vantage West Credit Union. The line of credit bears interest at the Wall Street Journal Prime Rate. The outstanding balance on the line of credit was \$0 at June 30, 2020 and 2019.

8. Net assets with donor restrictions

Net assets with donor restrictions represent contributions received that have been restricted for scholarships and educational programs. The unexpended balance of these contributions at June 30, 2020 and 2019 totaled \$75,000 and \$75,491, respectively.

9. Defined contribution plan

Effective September 2008, JobPath established a defined contribution plan, under section 403(b) of the Internal Revenue Code. The plan allows for participant elective deferrals only.

10. Concentrations

Generally accepted accounting principles require disclosure of information about certain current vulnerabilities due to certain concentrations. During the years ended June 30, 2020 and 2019, approximately 67% and 79%, respectively, of the Organization's revenue was derived from contracts with City of Tucson and Pima County. The grants are subject to annual applications and renewal thereafter. Loss of this revenue would have a severe negative economic impact to JobPath.

JOBPATH, INC.
NOTES TO FINANCIAL STATEMENTS - continued
June 30, 2020 and 2019

11. Commitments and contingencies

Program Audits

JobPath is subject to program audits by funding agencies. There is a possibility that the Organization could be liable to these agencies for amounts determined as refundable by such future audits. Management feels no such liabilities exist at June 30, 2020.

12. Paycheck Protection Program

The Organization was granted a \$79,800 loan under the Paycheck Protection Program "PPP" administered by a Small Business Administration (SBA) approved partner. The loan is uncollateralized and is fully guaranteed by the Federal government. The Organization initially recorded the loan as a refundable advance and subsequently recognized grant revenue in accordance with guidance for conditional grants; that is, once the measurable performance or other barrier and right of return of the PPP loan no longer existed. The Company has recognized \$79,800 as grant revenue for the year ended June 30, 2020. Subsequent to year end, the SBA forgave the full amount of the loan.

13. Effect of COVID-19 on ongoing operations

The COVID-19 pandemic, whose effects first became known in January 2020, is having a broad and negative impact on commerce and financial markets around the world. The United States and global markets experienced significant declines in value resulting from uncertainty caused by the pandemic. The extent of the impact of COVID-19 on the Organization's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak and its impacts on the Organization's customers, employees, and vendors, all of which at present, cannot be determined. Accordingly, the extent to which COVID-19 may impact the Organization's financial position and changes in net assets and cash flows is uncertain and the accompanying financial statements include no adjustments relating to the effects of this pandemic.
